Rosalio Lopez will place his insane brother in the county jail at Alamogordo. He will be kept there until there is room in the territorial asylum for him, as that institution is crowded to overflowing with unfortunates.

Father Migeon is the busiest man in this part of the county. In the case of sickness he is always on hand, and helps the distressed and poverty stricken with good advice, money and clothing. He is an angel in disguise to the poor people of this county.

### PORTALES.

A most refreshing rain fell here on Tuesday morning. It was a perfect Godsend to this community.

A great deal of activity is manifested by the farmers of this section since the rain, and crop prospects are flattering.

The Santa Fe officials announce that it will shorten its through line to California by 200 miles by filing the gap between Portales and Albuquerque. For years the people at Albuquerque have been anxious to have the Atlantic & Pacific built into that town from the east, but the Santa Fe, which owned it, could not see the necessity. When the Rock Island built into El Paso and with the Southern Pacific made the short line to the coast the Santa Fe saw the necessity of shortening its line, and now will connect the two ends of the Atlantic & Pacific.

Russell Howell and wife, accompan-

ied by Miss Maud Radcliffe, started overland for the Black Range, getting as far as Strawberry peak, when Mrs. Howell was taken ill, and they were compelled to return. They have now given up the trip as too hard a proposition at this time of year.

Last Saturday the happy married life of Mr. and Mrs. Chas. Lamb was augmented by the arrival of their first child, a ten pound boy. The Drs. Cruickshank were in attendance. Mr. Lamb, who is a popular brakeman, set them up to his friends in good shape.

E. C. Rockwell, the Santa Fe librarian, who was driven from his old quarters last week by the burning of the station, has established himself in the rooms recently vacated by the Drs. Cruickshank. It is quite likely that Mr. Rockwell will remain in this location until the new station is built.

Then the creditors will have received 85 per cent on claims that were not considered to be of much value two years ago, and they do so under the impression that Mr. Bonem has performed his official duties wisely and well.

His rating is among the best in the country and the Louisville office has shown such marked improvement since he took charge in 1898 that when it came to seeking a good man to take the inspectorship the department of agriculture could not get away from Major Hersey." The position carries with it a salary of \$2,100 and traveling expenses.

J. B. Moore has gone to visit relatives in Texas. He has put off his trip to Africa until next fall.

Misses Nellie Donahue and Eva Dixon, of Albuquerque, were here visiting with Miss Helen Hogan.

H. J. Soles, of Wingate, was in town on business. Mr. Soles conducts an Indian trading store a few miles from Wingate station.

The game of ball at Fort Wingate, between the soldiers and Gibson Grays resulted in a victory for the soldiers, score 13 to 6.

J. H. Owen, the contractor, was here a couple of days. He will commence work next week on the Mogul buildings. F. W. Meyers and Mr. and Mrs. John Mulder will go out there on Monday next.

Assessor Canavan has returned from a two weeks' trip to the mines of southern Arizona and northern Mexico. He ran across several Gallapines in Douglas, Ariz., among them being Pat Kennedy, Harry Simson, Bob Dolan and Jim Shorten.

The other day the tippie and scale house at the Union mine caught fire and burned to the ground. There was no insurance on the property and the loss is total. So soon as possible the tippie and scale house will be rebuilt. The company will have by the time the fall trade opens up sufficient orders on hand to keep the mine running steadily during the winter.

Mrs. Friend, wife of Charles Friend, who was clerk for Foreman Sanjule here about a year ago last February, committed suicide at San Francisco a few days ago by taking carbolic acid.

Hank Crawford, who has been freighting for J. B. Moore for the past few years, is playing in a little bad luck at present. A few nights ago he was robbed of his coat and vest and a valuable watch, and the next day one of his large horses laid down and died. The old saying is that misfortunes never come singly. It seems to be true in this case.

Mr. and Mrs. Juan C. Martinez received a baby girl from New York city this week. The little one, who is a very pretty and attractive child, has been adopted by Mr. and Mrs. Martinez, and christened Dolores.

Deputy Sheriff Mansker deserves the thanks of the people of Clayton for moving out some of the human trash that had accumulated here. On last Tuesday night he gave a number of vagrants notice to leave town within twenty-four hours, and they left.

The following facts have been gleaned in regard to the death of little Otis Thompson, which occurred last week. It seems that the little fellow went out into a small pasture near the house to get a horse with which to haul a barrel of water, and the horse that he was riding, which was a gentle one, must have stumbled and rolled over the child, as the face and head were horribly bruised and lacerated, the lobe of the left ear being torn entirely away. The body was dragged between eighty and ninety yards, when one of the stirrups gave way and his foot came off. Death was no doubt instantaneous.

Along in the evening the dogs made a disturbance around the house when Mrs. McNulty and family went out to see what the trouble was. They found a large rattlesnake. Mrs. Kohler threw a rock and struck the snake which coiled ready for fight and as Mr. McNulty reached for the rock to throw it again the snake struck him between the thumb and forefinger of the right hand, inflicting a very painful wound. He was brought to Cerrillos at once and is doing quite well under the care of Dr. Palmer.

### DEMING.

Wife Skips with Husband's Money—Woman Insane from Debauchery—Reducing Tax Levy.

From the Headlight.

"This said that the wife of a certain rancher who came to town a day or two ago has left for parts unknown. The woman also took about \$2,000 when she departed. Those who know best say the right is with the woman."

Last Tuesday Miss Mary Broderick, sister of Mrs. J. A. Mahoney, arrived in this city from her home in Crawfordsville, Ind., and accompanied by Mrs. Mahoney and daughters, Mary and Anna, continued on to Santa Monica, Cal., where the party will spend the summer.

Mrs. J. W. Barton and son, wife of Professor Barton, who will assume the principalship of the Deming public schools, for the coming term, arrived and is now at the home of Mrs. Scarborough, on Gold avenue. Professor Barton remained in the east to attend to some business affairs and will arrive later accompanied by his two sons who remained with him.

On Wednesday evening Sheriff Baca

started for Las Vegas with Mollie Wilson, who will spend the remainder of her days in the insane asylum at that place, having become a hopeless imbecile. This woman has lived here for many years, and was at one time particularly bright, but by drinking, using cocaine, and debauchery she has come to what she is today.

The board of county commissioners met last Monday, and remained in session for three days, during which time they transacted some very important business, and among the rest, reduced the tax levy 4 mills on the dollar from the last year's estimate. This now places our levy at \$2.80 per hundred, as against \$3.20 in Grant county. A pretty good showing for a county, but little over a year old. Luna will be the banner county of New Mexico yet.

From the Herald.

A mining bureau will soon be opened in town.

J. H. Tracy left for California to meet his family and visit with them for awhile.

There is a floating report that another newspaper is to be started in Deming in the near future. In this matter we feel like a certain Kansas editor, who says: "A dreamy-eyed youth from the dark wilds of the 'way back east has reached town with a hand press and a shirt full of type and proposes to start a rival paper. His hide will soon be added to those already hanging on our back fence."

Deming has the most industrious and energetic ladies in the country. Mrs. Dr. Cassella helped to build the Cassell residence; Mrs. A. J. Clark is saleslady in the big Clark store; Mrs. George Scarborough superintends nearly all the improvements around her residence; Mrs. Judge Field beautifies her own garden; and so on down a long list. Just what Deming would amount to without the ladies is hard to say.

Sheriff Baca took "Crazy Molly" to the insane asylum at Las Vegas. About twelve years ago "Crazy Molly" was a beautiful young girl brought to Grant county under promise of marriage and ruined. She has a son living with relatives in the east—a bright, intelligent lad, whose photographs the mother has and pathetically fondles. "The Luna county jail was no place for 'Crazy Molly,'" said Sheriff Baca to the reporter, "and I am glad we have secured her quarters in the asylum. By right she was a Grant county charge, and should not have been sent here at all."

Sunday last a wealthy liquor man from Denver on his way from Douglas, Arizona, where he is interested in a large wholesale liquor house, stepped into the water closet near the Santa Fe depot and a short while after he came out missed his pocketbook. It contained \$125 cash and two drafts for \$1,500. He returned to the water closet but could not find his money. Some tramp had evidently picked up the fortune. The man, who would not give his name, said he would willingly let the finder have the \$125 cash as a reward for the return of the drafts. Finally he used the telegraph and checked. He left Monday morning for Douglas after placing the matter in the hands of Sheriff Baca.

EXCITING NEWS

Border Rifles Surprise a Smuggler with Drove of Chinamen and Capture Six.

A telegram from Tucson says: Line Riders Charles Hollingshead, of Nogales custom house service, arrived in Tucson the other day with six Chinamen, captured in a roundup near Douglas on Sunday night. Hollingshead and another line rider, R. M. Smith, received a tip that a professional smuggler who had been operating for a long time on the line between El Paso and Yuma had concealed a bunch of Chinamen in a secluded house across the border, with the intention of smuggling them into the United States. The line riders crossed into Mexico and laid out three nights. The third night under the direction of the smuggler the Chinamen crossed the line, followed by the line riders, and when in the United States the command was given to halt. The Chinamen fled in all directions and the officers opened fire. Six Chinamen were captured but the smuggler and the balance escaped across the line into Mexico. It is estimated that there are between twelve and fifteen in the drove. This is the largest capture on the Arizona border for some time.

The Competitor.

A logical view of the competitor is taken in an article in the July Matin. The following is a quotation from it: "Your competitor is your best friend, if you only knew it, and he deserves honest, fair treatment. Without competition there never would have been advertising in its truest sense. Without temptation to do wrong we would all be saints and never know it. Without competition to spur us on we would not have a standard from which to judge what success really meant."

A dispatch to the Denver News from Pueblo, says:

Warden John Martin passed through Pueblo this afternoon on his way to Trailing, N. M., after ex-Convict Medill, who two months ago escaped from the penitentiary at Canon City. Medill was arrested a few days ago by the sheriff at Trailing, N. M., and is being held for the Colorado authorities.
